

GEORGIA FOSTER CARE AGENCIES

Different foster care agencies serve various populations of children. Often, infants and younger children are in the care of foster parents licensed by state child welfare offices (see the state's website for local office information), while older, harder to place children are cared for by foster parents licensed through private agencies. Before committing to an agency, make sure they place children in the age group you are interested in caring for. It is also important to understand the special needs of the children the agency serves.
